IT'S SO IF IT'S IN THE LEDGER.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

All members of W. R. C. requested to meet at their Hall to-morrow evening.

The C. and O. folks bought a big lot of ground to extend their yards at Covington.

The Pastor's Union will meet at the M. E. Church, South, at 3 o'clock this afternoon.

The C. and O. county taxes in Bracken amount to nearly \$2,500 this year.

"PAPA, buy me one?" "What, my son?" "Why, one of those California Horses. They are the best."

CHARLES SMITH held the key that unlocked the door at Hechinger's Clothing Store Saturday. He is better off by \$5 in gold.

The Grand Jury adjourned last Saturday afternoon after a session covering over two weeks. Most of them returned home Saturday evening.

EVERYBODY can ride and everybody can drive, for you can buy you a California Horse at auction, so cheap, at William Wormald's Coal Elevators Wednesday at 1 o'clock p. m.

JOHN CAMBRENS was arrested early Saturday morning for being in the company of a woman with a doubtful reputation.

At his hearing in the Police Court he was fined \$10 and costs.

DESPITE the pleas of defendant's counsel for a later date, Judge Bradley of the Supreme Court of the District of Columbia has set the Breckinridge-Pollard trial for Thursday, March 5th.

THE meeting of baseball enthusiasts for the organization of a league will be held at Ironton Wednesday. Ben T. Cox and others from this city will be in attendance and represent Maysville.

Mrs. W. H. WILSON, daughter of David Mannen of Minerva, died at Manches- ter Friday. The funeral took place at Minerva yesterday with services by Rev. W. W. Hall of the Christian Church.

At the Opera House Saturday evening after the close of the performance given by Mr. and Mrs. Robert Wayne, the drawing of a handsome set of furniture took place. Elmer Pierce was the lucky boy who drew it.

LIVERNMORE, doctors, butchers, milkmen, grocerymen, bakers, laundrymen, don't fail to attend our big auction sale of California Horses. Sale takes place Wednesday at 1 o'clock p. m. sharp at William Wormald's Coal Elevators, Limestone street.

Mrs. DR. PANGBURN's father, C. H. Keep of Chicago, died Friday morning. His funeral will be brought here for interment. The services will be at 4:30 p. m. this afternoon and will be taken immediately to the cemetery. Joseph Heiser Post, G. A. R., will conduct the service. The Post will meet in their hall at 4 p. m.

BUK MARSH, here's a "cadbury howl" from the *Ashland News*:

Since last June the Steel Mills at Ironton, O., have been ordered to cancel their contract to the extent of 1,500 tons of sheet iron and 4,000 tons of bar iron, which stock is left on their hands. The sheet iron has decreased in value \$9 per ton and the bar iron \$7 per ton.

THE Eastbound train on the C. and O. due at 10:05 a. m., was nearly two hours late yesterday. A cylinder head blew out at California, and another one had to be sent for.

WILLIAM G. BOYD, formerly Deputy Collector of Internal Revenue in the Seventh Kentucky District, has been elected President of the St. Louis Merchants' Exchange.

ED. MAYS, who died last week at Catlettsburg, held a \$30,000 policy in the Order of Maccabees, which cost him in all about \$10. But he will hardly enjoy the proceeds of the investment.

THE jury in the Shuckford-Hamilton case took a short recess Saturday until this morning at 9 o'clock. The arguments by the attorneys on both sides have been finished and the jury will at once go into their room and try and reach a verdict.

AT Covington Julia C. Stephenson died for \$5,000 damages from E. H. Cleaveland. She claims she fell from a porch at his house and injured herself to that extent. Next thing you know some fellow will be struck by lightning and his parents will sue the Lord for damages.

THE Washington correspondent of *The Courier-Journal* states that the amount allotted for the continuation of Government work on Kentucky rivers is only \$25,000, whereas the Chief of the Engineers reported that \$8,429,358 could be profitably expended, recommending that sum.

THE Republican Congressional Committee of the Eighth District selected Nicholasville as the place to hold the District Convention to nominate candidates for Congress. Hon. John L. Yerkes of Boyle acted as Chairman of the meeting and George W. Hutchison of Anderson Secretary. The date fixed for holding the Convention is June 7th.

WILSON BILL RESULTS.

ITS PASSAGE PROVOKES CURIOUS POLITICAL FORECASTS.

What is Likely to Happen in the Intermediate Future—A Democratic Party on Democratic Prospects.

New York Sun, (Democratic)—The best way to understand the unparalleled significance of the vote in the Fourteenth District of New York is to work out the results of a corresponding change of public sentiment throughout the country, supposing that the Congressional elections on that day had been general.

Colonel Basil L. Brown, the Democratic candidate, was defeated by 954 votes in the District after an energetic canvass and a full discussion of the issues involved, and in spite of loyal support from Tammany Hall. Fifteen months ago the same district was carried by the Democratic candidate for Congress by a plurality of \$8,825. This means a Democratic loss of nearly 10,000 in fifteen months on a two-thirds vote in a district where the full total vote is about 43,000. It means, in other words, that the Democratic percentage fell from 57.75 in November, 1892, to 46.10 in January, 1894, a decline of more than 11 per cent. of the total vote of the District.

Special Notice.

After this date THOMAS A. DAVIS becomes sole owner of THE PUBLIC LEDGER, having acquired the stock of all others interested.

The paper enters to day upon its third year, with a phenomenally large subscription list, a rapidly-increasing advertising patronage, and with the most flattering prospects for the future.

For these favors a generous public will please accept our grateful thanks, with the assurance that Mr. DAVIS will strive to merit a continuance of same in a greater degree.

PUBLIC LEDGER CO.
THOMAS A. DAVIS.

Mayville, Ky., Jan. 1st, 1894.

A PROVIDENCE (R. I.) chiropodist made this statement recently: "People don't even have corn under this Administration."

THE Populists have demanded that the Government shall loan them money at 2 per cent. As the Government, under the present Administration, has to borrow money on 5 per cent bonds, it looks like Uncle Sam will be a loser if he complied with the requests of the Populists.

In the Senate Mr. COCKRELL presented a memorial of the St. Louis Merchants' Exchange declaring that the present stagnation of the country is due to the uncertainty of Congressional action on the Tariff question, and praying that the matter may be settled speedily as possible. "I am glad to see by this memorial," said the Senator, "that these petitioners recognize the blunder they made when they attributed all of the distress of the country last summer to the Sherman Silver Law."

THE LEDGER has repeatedly assured its readers that a reduction of wages paid to workingmen was certain to follow a reduction of the Tariff to anything approximating a "revenue only" or Free-trade basis. This has been so persistently denied by Democratic Editors that many of them have actually come to believe they are telling the truth.

Perhaps as striking an illustration of the absolute falsity of their claim as can be found is set out in this dispatch from a recent issue of *The New York Press*:

HAVERHILL, Mass., Feb. 3.—Congressman STEVENS's woolen mills in this city will start up on full time next Monday, employing 150 workmen, with a reduction of 12 per cent. in wages goes into effect at that time.

MOSES T. STEVENS, Democratic Representative from the Fifth Massachusetts District and a member of the Ways and Means Committee during the construction of the Wilson Bill, has been one of the most rampant and rancorous advocates of free wool in Congress. A woolen manufacturer himself, he has continually given aid and comfort to the enemies of the woolen industry. Knowing that the abolition of the Protective duty on wool meant the total destruction of the American sheep raising interest, he has done all that blant misrepresentation could do to bring this calamity about. The wholesale slaughter of American sheep and the ruinous depreciation in the price of American wool are one result of the demagogic of this man STEVENS and his fellows. The

shutting down of the mills and the entire down of wages are another.

STEVENS knew when he assisted the Bourbon traitors from Southern backwoods villages in framing the Wilson Infamy that it meant the permanent closing of half the woolen mills in America and a sweeping reduction of wages in the remainder. He knew that this abomination meant an instant reduction in the wages of workingmen, whose interests as an employer and a legislator he was in honor bound to protect. Yet he was too cowardly to vote against the measure to rob American labor. He dodged the vote in the House, thereby incurring the contempt of decent men of all parties—and then cut down the wages of his men 15 per cent.

Advocates of "tariff reform" have vociferously assured workingmen for years that the reduction of Tariff did not mean the reduction of wages. The action of STEVENS is an instructive commentary on this favorite Free-trade lie. The wage earners of the Fifth Massachusetts District should see to it that this demagogue does not have an opportunity to make war upon their interests in another Congress, and they will.

MR. CLEVELAND's especial organ in New York, *The Evening Post*, asks *The Press* to admit that it is better for the City Council of Mayville, all property with taxes unpaid by March 1st, 1894, will be advertised for sale and sold according to law. Twenty-five per cent. will be added to the delinquent taxes if advertised for sale.

Don't think you are saving just one good dollar. See, Sir, you can save the result of years of practice and experience expended in making this preparation absolutely the best for sale by Power & Reynolds, Druggists.

The real point and purpose of the Cleveland campaign against American industries is revealed in another remark by *The Post* in the same article. This Administration mouthpiece insolently asks:

Who can assure us that the operations in Mr. STEVENS's mill at the former period were not getting more wages than they ought to have?

This is Cleveland in a nutshell. It is the principle of the Wilson abomination expressed in the fewest possible words. In the estimation of Mr. CLEVELAND, his Mugwump devotees and his Bourbon allies, the intelligent, prosperous workingmen of the North have been "getting more wages than they ought to have." Their homes have been too comfortable. Their accounts at the savings banks have been too large. The food on their tables has been too abundant and too excellent. Their own clothes and the dresses of their wives and children have been too good; so good in fact that it has frequently been impossible to distinguish the family of the employee from the family of the employer. All this has been most lamentable according to the doctrines of Clevelandism; and the Wilson Bill, with its complete surrender of the American market to foreigners, was devised for the express purpose of putting a stop to it.

If the Cleveland orators and organists had dared to hint, during the Presidential campaign, that American wages were too high, the Free-trade and poverty candidate would have been overwhelmingly beaten in every Northern State. Now, when the Democracy has triumphed, and the Wilson Bill has begun its destructive work, the mask of deceit is thrown away by the political bunco deceivers and the wage earners of the United States are impudently told that they have been too well paid in the past and that they must be grateful for reduced wages in the future. The lesson is one that will not be forgotten in this generation. By means of wholesale fraud and lying Democratic organs and politicians have deceived the people once. They cannot deceive them a second time.

The Pollard-Breckinridge Case Will Be Called.

The Defense Wanted the Hearing
Postponed a Few Days Later.

Miss Bridge Will Soon Have a Choice to
Face Her Charges Against the Ken-
tucky Congressmen—Witnesses for
the Defense Number About 100.

WASHINGTON, Feb. 19.—The Pollard-Breckinridge trial has been set for
Tuesday, Feb. 26.

Judge Bradley, of the supreme court of
the district of Columbia, Saturday
morning listened to the preliminary ar-
guments on the case on a motion sub-
mitted by the defense for a further
postponement.

The courtroom was crowded with
lawyers and public men. Mr. Breckinridge
was present in person, but did not
display any outward signs of interest in
the arguments. Miss Pollard was not
present.

Mr. Breckinridge's counsel asked the
trial to fix May 1 for the trial, but not later

than Feb. 26. He said that the defense
panel, Col. Ethan Totten, was too
ill to appear or give attention to the
preparation of testimony, and that im-
portant depositions from the non-resi-
dent witnesses had not yet been ob-
tained, although effort was being made
to get them.

Miss Pollard indicated that
no further delay should be permitted.
The plaintiff had been ready for trial
since August, and the delays already
caused by the defendant had been un-
warranted.

There had been a policy of persistent
delay prior and after several months
of inactivity the necessity for taking
depositions of seventy-three non-resi-
dent witnesses in various parts of the
country had been suddenly an-
nounced.

The defendant had an unusual array
of eminent counsel who could concur
in the trial in the absence of Col. Totten.
It was agreed that the defense ought to
submit an affidavit showing what they
expected to prove by all the new wit-
nesses, now aggregating about 100. If
the court decided that such evidence
was material, the prosecution might be
disposed to admit it without contest in
order to expedite the trial.

STUPENDOUS PROJECT.

Building of a Canal Across Southern
Michigan.

CHICAGO, Feb. 19.—A canal project
which, if successful, will entirely revolution-
ize the traffic of the Great Lakes, was
said to be in contemplation by a
number of capitalists in Chicago, New
York, Boston and London. The pro-
posed canal is designed to immensely
facilitate the passage of vessels from
Chicago, Milwaukee and other north-
western cities to the Great Lakes, re-
nder unnecessary the present long route through the straits of
Mackinaw, Lake Huron, St. Clair river and
thence down the Detroit river to
Lake Erie. The plan now said to be
under serious contemplation is to con-
nect a waterway from the head of Lake
Michigan from the eastern shore of
Lake Michigan, to either Detroit or
Toledo. O. Should either of these
plans prove to be feasible, it will
result in one of the most gigantic
enterprises of the century. A number
of capitalists from Chicago, New
York, Boston and London are
said to stand ready to back the project
to the extent of \$50,000,000, and it is
also said that the English capitalists
who are interested in the Central
Pacific road have also decided
to invest in this material financial
aid in making this great work. At
present those most intimately connected
with the scheme are unwilling to
vulge their plans or to allow the use
of their names, but it is stated on re-
liability that preliminary surveys
of several proposed routes for this
attempted canal have been made by
the act has already been wonched for

stated is Nathaniel Thayer, John

Huntington, of New York; George
Wells, of London; Frank Sturgis of the
New York stock exchange, a Sturgis of the
connected and a number of others
principals in the various railway enter-
prises in the United States.

TWO BROOKS

Fall to a Desperate Attempt to Rob a Post
Office—One is Badly Wounded by a
Citizen.

MIDLAND, O., Feb. 19.—Trenton,
six miles south of this city, is in a state
of great fun. They over an attempt to
rob the post office there Friday night
by two unknown men who made their
way into the village during the afternoon.

They stopped at Ely Song's hotel for
supper, and in the early part of
the evening aroused suspicion by at-
tempting to get Fred Zimmerman, a
half drunken man who was displaying
a lot of money, to go with them. The
Brown prevented Zimmerman from
falling into their clutches by taking
him off to bed. The strange actions of
the strangers caused Brown to watch
them. They went from place to place
about town, and the watcher became
suspicious. He followed them, and
of some kind. Arming himself with a
shotgun he awaited developments.

About 11 o'clock he saw them go to the
front door of the post office and try
it. Finding it seems they produced
tools and set to work to bore around
the rock. Brown stealthily followed
and when within sight of the tam-
er of his shotgun. One of the robbers fell
to the ground and the other fled south.
Brown gave chase and shot at the fel-
low as he ran. The fleeing burglar
fired at Brown several times with a
revolver.

At the Pearson farm, a mile south of
Trenton, Brown lost sight of his man, who
disappeared in a large sheep shed. The
farmers in the vicinity were aroused
and at once instituted a searching
party, but did not succeed in discover-
ing the man wanted.

At the same time a number of farmers
returned to Trenton, fully expecting to
find the other man dead in front of the
post office, where he had been shot.
They were deceived in this, for the
wounded man had disappeared.

In a short time the entire population of
the village turned out and joined in
the search for the man. At 11 o'clock
morning's light revealed a trail of
blood from the post office to the
depot, showing the man had been
badly wounded. The trail was lost at
the railroad track, and it is thought the
culprit escaped by catching a train that went north about
midnight.

Constable Mike Flannigan arrested a
stranger on suspicion Saturday
morning, and took him to the Hamilton
jail. Postmaster Elsner had several
hundred dollars in the post office till
over night, and is very tight. The
police are looking into the matter.
He was the last to leave the place. Officers in all
the valley towns have been notified of
the affair, and are keeping a sharp
lookout for the characters.

Michigan.

GURDON, Ark., Feb. 19.—Two colored
men discovered a man wandering
about in the woods half a mile distant
from this city, whose strange actions
suggested insanity. He made an at-
tempt to evade them. He suddenly
halted and began tearing his clothing
from his body. He was then
conveyed to this city. A physician
was summoned, who made an examination
of his condition. He stated that he
was suffering from having been
powerfully drugged. He recovered
sufficiently to reveal his identity and
relate his experience, which he did in a
rambling manner.
